

Support a family for one year through care packages for home, school, birthdays, and more.

FAMILY AID 365

Adopt a family for a year

Care packages could include:

- Clothing
- School supplies
- Personal hygiene products
- Baby supplies
- Birthday and Christmas presents

This program is great as a family project, a team building exercise, or a club/association project. All client families currently receive assistance from Catholic Charities programs but don't have the resources for some of the "extras" like birthday presents, new clothes for schools, supplies for a new baby, Christmas gifts, a backpack and school supplies. Through the Family Aid 365 Program, you "adopt" a family and help fill in the gaps so they are able to celebrate important milestones as well as manage some of the everyday struggles of family life. Your participation in the Family Aid 365 Program will help a family maintain their dignity on their journey to self-sustainability.
